

Dutch Grow

Granules

Optimum for Growth & Muscle Building

Dutch grow is granulated supplement for equine animals formulated with combination of calcium, phosphorus, vitamin D3, vitamin B12 & phytogetic herbs for complete, effective feed intake, utilization & proper intestinal absorption of vitamin & minerals up to optimum level.

This product helps in formation of strong bones, joints, muscles & cartilage, also protects from inflammation & pain. It is powerful booster specially for athlete horses as it greatly helps in improving the performance and immunity of subjected animal. Being an appropriate composition enriched with trace minerals & vitamins it ensure proper development of equine animals and also provides good amount of energy by ensuring healthy living state of horses.

»» BENEFITS:

- ➔ Promotes growth and development of horses.
- ➔ Ensures healthy living state with good energy level.
- ➔ Improves performance of athlete horses.
- ➔ Optimum source of vitamins & minerals.
- ➔ Strengthens muscular and skeletal structure.
- ➔ Helps in stimulating appetite & better nutrient absorption.

»» COMPOSITION:

Each 500 ml Contains:

DL-Methionine	127.600 gm
Choline chloride	63.125 gm
Lysine monohydrochloride	63.125 gm
Nicotinamide	230.250 mg
Cynocobalamin	150.080 mg
Panthenol	108.350 mg
Riboflavin	124.000 mg
Betaine	120.125 mg
Silymarin	150.250 mg
Sodium	459.000 mg
Phosphorus	154.160 gm
Magnesium	595.400 mg
Copper	158.800 mg
Cobalt	206.250 mg
Ferrous	223.400 mg
Manganese	384.550 mg

»» DOSAGE:

50 gm daily for adults
25 gm daily for small animals
In feed : 1-2 % per ton mixed in equine feed as directed by veterinary consultant

»» PRESENTATION:

1 kg, 5 kg & 15 kg

RBC RICH

Syrup

Phytogenic Preparation To Promote Blood Cell Production Naturally

Horses may lose significant amount of blood due to internal or external parasite burden (worm or lice), haemorrhages, and castration. In such cases blood boosting supplements such as RBC RICH provides the horses with building blocks for red blood cells & haemoglobin production. RBC RICH is enriched with copper, cobalt, amino acids & highly concentrated source of elemental iron (98%) which increases blood production & creation of proteins contained in red blood cells & haemoglobin.

➤➤ BENEFITS:

- Maintains haemoglobin level.
- Protect from anaemic condition.
- Strengthens Immune system & eyesight.
- Protect from fatigue, weakness and anxiety.
- Aid as blood purifier, detoxifier and skin toner.

➤➤ COMPOSITION:

Each 30 ml contains:

Vitamin A	25000 I.U.
Vitamin D ₃	5000 I.U.
Vitamin E	935 I.U.
Vitamin B ₁	183 mg
Vitamin B ₂	283 mg
Vitamin B ₆	128.35 mg
Niacinamide	8.35 mg
Selenium	5 mg
Cobalt	5 mg
Ferric ammonium citrate	41.75 mg
l - Lysine HC	25 mg
Protein hydrolysate	250 mg
Carbohydrate	1500 mg
Ferrous gluconate	41.75 mg
Syrup Base	q.s.

➤➤ DOSAGE:

Route of Administration-Orally

Feeding rate :

0-5 Kg body weight : 1-2 ml. Once a day
6-15 kg body weight : 2-5 ml. twice daily
Above 15 kg body weight : 5-10 ml.
twice daily
or as directed by veterinary physician.

➤➤ PRESENTATION:

1 Ltr, 5 ltr & 25 Ltr

AMINOCOOL

Mud Paste

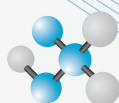

Phytogenic formulation for Cooling & soothing effect

Aminocool is a coolant supplement that is best suited for horses suffering from muscle cramps, inflammation and swelling in tendons. It is given to anxious horses during competitions. It immediately relaxes the muscles and increases the blood flow in the body by reducing the formation of lactic acid produced during heavy training. An even layer is spread over the legs and easily washed off after sometime.

➤ BENEFITS:

- Easy to apply and doesn't harden on drying
- Provides cooling effect
- Act as a muscle relaxant
- Can be used instead of anti-inflammatory medicines
- Ideal for soreness, heat, muscle pains

Aminomint Gold

Syrup & Spray

Natural Respiratory Stimulant & Protectant

Aminomint Gold is a unique combination of selected herbs that stimulates equines respiratory system, reduce the viscosity of bronchial secretions and facilitate expectoration. Horse's respiration rate increase during physical activities. If they used it before then while running they have better oxygen levels and better respiration and after race they will have ease of breathing. It has anti-allergic, anti-inflammatory, decongestant property, thus act as soothing supplement for lungs that open airways.

The two practical presentation of **Aminomint Gold**, to suit a wide variety of situations. The spray applicator is adjustable to enable adequate coverage of the area being treated.

»» BENEFITS:

- ➔ Strengthen respiratory system.
- ➔ Ease breathing in equine animals.
- ➔ Protect from toxins and infections.
- ➔ Maintains immune response in Horses.
- ➔ Protect from cough, sneezes and sore throat.
- ➔ Assisting the body in combating environmental pollutants.

Dutchmin SS

Powder

Trace minerals for better gut absorption and results

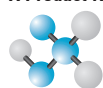

Dutchmin SS powder is advanced supplement formulated to ensure proper absorption of all the trace minerals in appropriate proportion to fulfill all the daily nutritional requirements of horses. It promotes better digestibility in equines & helps to prevent reducing hindgut microbial disturbances related to sudden diet changes trace minerals like chelated chromium that helps to improve glucose utilization for increased cellular energy and function. This results in better animal muscle development, growth, breeding, health and performance.

»» COMPOSITION: Each kg contains:

Vitamins-	
Vit-H (Biotin)	600 mcg
Vitamin A	7,01,000 IU
Vitamin D ₃	90,000 TU
Vitamin E	350 mg
Vitamin B ₃	1250 mg
Macro Minerals-	
Ionic Calcium	270 gm
Ionic Phosphorus	135 gm
Magnesium	135 gm
Sulphur	7.4 gm
Sodium	6 mg
Potassium	110 mg
Micro Minerals-	
Chelated Chromium	80 mg
Zinc	15 gm
Copper	5 gm
Iron	1400 mg
Cobalt	200 mg
Manganese	550 mg
Iodine	300 mg
Others-	
Vegetable fat	20 gm
Saccharomyces Cerevisiae	300000 million CFU

»» BENEFITS:

- » Involved in protein metabolism of the skin, coat & hooves.
- » Promotes early bone development & better hoove's conditioning.
- » Collagen synthesis & maintenance of bones, ligaments & tendons
- » Ensures proper absorption of elements & better digestibility.
- » Cell repair & division: growth & development

Better Absorbtion of all minerals due to adequate ratio (2:1:1) of Calcium, Phosphorus & Magnesium with 3:1 ratio of Zinc & Copper

»» DIRECTION FOR USE:

Large Animal: 50-100 gm daily

Small Animal: 25-50 gm daily

For feed: 2 kg with per ton of feed or as directed by veterinary consultant.

Presentation : 1 kg, 5 kg & 15 kg

Electrodutch C

Powder

Electrolytes for stress & metabolism management

Electrolytes are lost from the body in urine and faeces, through sweat and a lot of depletion takes place during summers and heavy loading. Electrolytes are needed for all bodily functions, including proper fluid regulations, ph balance and vital neurological functions such as muscle contraction. Electrolytes deficiency leads to dehydration, muscle cramps and fatigue.

Electrodutch C supports the horses in all such cases and because of its palatability horses takes it easily when thirsty or off food.

►► BENEFITS:

- ➔ Helps in stabilizing intestinal pH.
- ➔ Protect from dehydration, anxiety and stress.
- ➔ Improve the concentration of salts and ions.
- ➔ Promotes growth and development.
- ➔ Promote intestinal absorption and assimilation.
- ➔ Improve appetite & strength.
